Petition

Supplemental documentation to the utility patent application entitled:
Methods And System For Bio-Intelligence From Over-The-Counter Pharmaceutical Sales
by Xiaohui Zhang.

This petition seeks to obtain approval to submit this utility patent application with a set of color drawings. Several of the drawings convey significant detail via color that could not reasonably be achieved otherwise. One example is the map of figure 9 in which multiple variables are overlaid and jointly analyzed. No black and white equivalent could be created to convey the same detail.

The appropriate petition fee of \$130 has been included in the Fee Transmittal Form.

Citizen of: China
